The Witness of Dietrich Bonhoeffer

Bonhoeffer believed that spiritual life is sustained and nurtured in the midst of those extraordinary events. His life and theology are consistent with teaching in The Sermon on the Mount. Spiritual care is not just for the church and the world; it is also a way of life. The witness of his life and writings are an example of a strong spiritual life for pastors. His life and theology are consistent with teaching in The Sermon on the Mount. The blessings: the poor in spirit, those that mourn, the meek, the hungering and thirsting for righteousness, the merciful, the pure in heart, the peacemakers, those persecuted for righteousness sake, and those that are reviled and persecuted because of Christ's name. The 'rewards' that follow are for the same: the kingdom of heaven, forgiveness, grace, and the witness he gave to the church and the world. Amen. Amen.
